Are you thinking of Burial?

We would be honoured to assist you in arranging for a burial, and in selecting cemetery property.

SOME FACTS ABOUT BURIAL

The body is buried in a casket, and the casket may be placed in a concrete liner or a vault. The body can be buried shortly after death, after a visitation and/or funeral service, or before a memorial service. The body may be buried in the ground, or entombed in a mausoleum. Embalming is not required for burial, but may be recommended, depending on the gathering and funeral arrangements.

DO I NEED TO PURCHASE A VAULT?

Some cemeteries either require or recommend purchasing a vault or cemetery liner to enclose the casket in the ground. This offers protection from the weight of the earth, and in the case of sealing vaults, protection from the elements in the ground.

PLANNING AHEAD

We believe it is a good idea to select burial plots ahead of the time of need if possible. Selecting a final resting place for a loved one is an important decision that we can help you with. We have information available for all cemeteries in the area and can provide you with comparisons so that you can make a decision that fits both your wishes and your budget. Please give us a call or send us an email if you would like any information about cemeteries in our area. In addition, we can help you with designing and installing a fitting tribute with memorial monument or marker.

“We have information available for all cemeteries in the area and can provide you with comparisons so that you can make a decision that fits both your wishes and your budget.”

WHAT MEMENTOS OR PERSONAL ITEMS CAN BE PLACED IN A CASKET PRIOR TO BURIAL?

Any personal items can be placed in the casket, like notes or photos, which can be a helpful way to say goodbye. We will ask you whether any jewellery or mementos placed with your loved one during the visitation should be left with the person, or returned to the family. If desired, we can donate eyeglasses to charity.

ARE KEEPSAKES FOR CREMATION ONLY?

Some people find it helpful to have a part of their loved one to keep with them, as a special way to remember them. This is possible if you choose burial as well as cremation. Instead of cremated remains, a lock of hair can be enclosed for safekeeping, or a special note or photo. We have jewellery options that can incorporate your loved one's fingerprint or lockets that will hold an important photo. Ask one of us to tell you about the many options available.

Burial Arrangement Options

A) Full Service Funeral
Gathering and/or Service
on Separate days.....\$
“Grief shared is grief diminished.” Holding a gathering and service allows for you to invite your community to support you in a difficult time. This option allows you plenty of time for friends and family to gather. The gathering and service may be held at our facility, or at a facility of your choice. Reception facilities are available at an additional cost.

B) Full Service Funeral Same Day Visitation and/or Service
on the Same day.....\$
Sometimes it may make more sense to hold a gathering and service on the same day. Or you may wish not to have a gathering and simply hold a service at our Chapel, or another facility. On the other hand, a gathering, with no formal service, may suit your family’s needs better. This option includes all the same services as Option A, with everything happening on one day.

** All pricing included in our Planning Guide does not include applicable taxes.
* Please note that Gathering and/or Service same day pricing reflects up to a two hour Gathering prior to the service.
* Pricing is reflective of services held and completed in the funeral home. Additional fees may be applicable for services completed away from the funeral home.
* Effective date of pricing - January 1st, 2020*
